Cape York NRM promotes the sustainable use of natural resources in Cape York Peninsula. We work with growers, graziers, Traditional Owners and ranger groups to improve the economic viability of their lands, while protecting waterways, the Great Barrier Reef, and the Cape's threatened plants and animals for future generations.

Fire Management

Working to minimise the cultural, environmental and economic threats posed by fire on Cape York.

Threatened Species Protection

Working to protect our most vulnerable and endangered creatures great and small.

Land Management

Keeping our country healthy and sustainable for future generations.

Weed and Pest Management

Helping minimise the spread of invasive species to reduce the impacts on Cape York's ecosystem.

Agriculture

Helping producers improve sustainability and productivity.

Water Quality

Monitoring and improving the world's most valuable resource from Cape York's freshwater systems to coastal waters.
